

The Aftercare products we use at North Jacklin come from a name you know and trust - Aussie Guard.

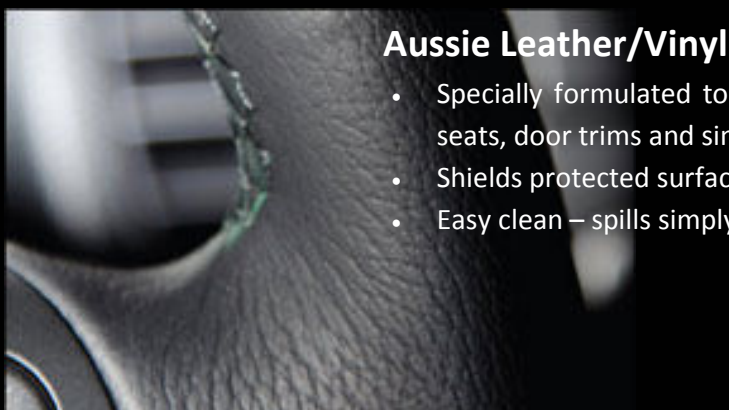

Aussie Dents

- Will protect your car against trolley dents, paint chips and other minor dents and scratches.
- Protects against minor scratches and dents
- Enhances resale value of your vehicle

Aussie Electronic Rust Proofing

- Gives lasting protection to your vehicle from the elements
- Protects against rust above and below the window line
- Protects structural areas of the vehicle from rust.

Aussie Leather/Vinyl

- Specially formulated to protect the interior leather / vinyl, dashes, seats, door trims and similar items on your vehicle
- Shields protected surface from the sun's damaging UV rays
- Easy clean – spills simply wipe away.

Aussie Paint

- Gives lasting protection to your vehicle from the everyday effects of our harsh environment
- Guards against the damaging effects of the sun's UV rays, preventing fading, oxidation and loss of gloss
- Eliminates the need to wax or polish.

Aussie Fabric

- Specially formulated to reduce soiling and staining on carpet, seats and internal fabric areas
- Protects against water and oil based stains
- Extends the life of your fabric.

Aussie Tint

- A brilliant innovation that forever eliminates the problem of conventional car window tints that change colour, bubble, crack and lose clarity.
- Helps keep auto interiors more comfortable by cutting UV radiation, solar heat and glare
- Featuring the toughest scratch resistant coating in the world. Aussie Tint is easy to clean, being suitable for fixed and wind-up windows.
